inventory of off-street parking facilities within boston proper

GOVERNMENT DOCUMENTS
DEPARTMENT
BOSTON PUBLIC LIBRARY

PREPARED BY THE TRANSPORTATION-PLANNING DEPARTMENT
BOSTON REDEVELOPMENT AUTHORITY
BOSTON, MASSACHUSETTS
MARCH, 1973

INVENTORY OF
OFF-STREET PARKING FACILITIES
WITHIN
BOSTON PROPER

March, 1973

This list and the accompanying map give a complete inventory of parking lots and garages in Boston Proper (that area of the Boston peninsula bounded by Massachusetts Avenue, the Southeast Expressway, Fort Point Channel-Boston Harbor and the Charles River). The inventory was prepared from data obtained on field surveys conducted by Wilbur Smith and Associates, the Boston Redevelopment Authority and from information supplied by the Boston Traffic and Parking Department. Assistance was received from the Boston Real Property Department and the Boston Building Department. These surveys were conducted in August, 1972 and February-March, 1973. It is proposed that the information will be reviewed and updated on a periodic basis.

The purpose of this inventory is to present current information on off-street parking facilities in Boston Proper which have a minimum capacity of ten cars. Certain facilities which have been excluded are those used for the parking of company-owned vehicles and areas used primarily for the loading and storage of materials.

plate only

SUMMARY OF OFF-STREET PARKING DATA

March, 1973

<u>TYPE OF FACILITY</u>		<u>NUMBER OF UNITS</u>	<u>CAPACITY</u>
Publicly Owned	Public Lots	23	1,503
Privately Owned	Public Lots	101	5,990
Publicly Owned	Private Lots	46	2,446
Privately Owned	Private Lots	<u>142</u>	<u>6,929</u>
Total Lots:		312	16,868
Publicly Owned	Public Garages	9	8,509
Privately Owned	Public Garages	32	15,044
Publicly Owned	Private Garages	8	2,210
Privately Owned	Private Garages	<u>15</u>	<u>5,628</u>
Total Garages:		64	31,391
Total Off-Street Facilities:		376	48,259
(As shown on map)			

These figures represent all facilities, including residential, with a capacity for ten or more vehicles. There are alley spaces in some of the residential areas (e.g. Back Bay totalling 2,290) not included in these figures. In addition there are 4,385 metered curb spaces and 4,020 unmetered curb spaces for an on and off-street grand total of approximately 57,000 spaces in Boston Proper. A later map will identify the residential off-street spaces.

GLOSSARY

Code Number:

Each parking area is assigned a code number in order to match the data given in this listing with the location code of the facilities on the accompanying map. If adjacent facilities are operated by the same organization and have similar rate structures or restrictions, they are listed under one code number with letters used to designate each of the subdivisions.

Name, License Number, Location:

Wherever applicable, this column identifies each facility by its name or the name of the owner, the name of the operator, the license or permit number and the address of the facility. Addresses used are from the official maps of the Building Department.

Status:

Each parking facility is classified by ownership, public or private, and type of usage. The designated categories of parking area usage are defined below:

Public Lot - an open air, ground level facility in which anyone may park at a specified set of rates.

Private Lot - an open air, ground level facility in which there is parking for special patrons (employees, customers, residents, etc.) Rates may or may not be charged.

Public Garage - a building, often multi-leveled, in which anyone may park at a specified set of rates.

Private Garage - a building, often multi-leveled, in which there is parking only for special patrons (employees, customers, residents, etc.) Rates may or may not be charged.

Capacity:

The capacities listed for public lots and garages are the officially rated capacities.

The capacities given for private parking areas are based upon the number of spaces available for self-parking.

Rates and Miscellaneous Information:

All short- and long-term rates listed herein are subject to change. Miscellaneous information includes the hours of operation and any restrictions which may prevail.
